Hydrobiologia

The International Journal of Aquatic Sciences

Volume 544, 1 August 2005

Primary Research Papers

Untangling the confounding effects of urbanization and high water level on the cover of emergent vegetation in Cootes Paradise Marsh, a degraded coastal wetland of Lake Ontario
A. Wei, P. Chow-Fraser 1–9

Seed germination of three species of *Vallisneria* (Hydrocharitaceae), and the effects of freshwater microalgae
L. Zhongqiang, D. Yu, T. Manghui 11–18

Attraction of the amphipod *Gammarus pulex* to water-borne cues of food
H.J. De Lange, M. Lürling, B. Van Den Borne, E.T.H.M. Peeters 19–25

Loxosomatoides sirindhornae, new species, a freshwater kamptozoan from Thailand (Entoprocta)
T.S. Wood 27–31

Fishes and environment in northwestern Argentina: from lowland to Puna
R.C. Menni, A.M. Miquelarena, A.V. Volpedo 33–49

Short Research Note

Strontium content of scales as a marker for distinguishing between sea trout and brown trout
J.I. Koksvik, E. Steinnes 51–54

Primary Research Papers

The structure of diatom assemblages associated with *Cladophora* and sediments in a highland stream in Kenya
B. Mpawenayo, J.M. Mathooko 55–67

Temperature-dependent growth rates of larval midges (Diptera: Chironomidae) from a southeastern U.S. stream
S.K. Reynolds, A.C. Benke 69–75

Diatom ecological preferences in a shallow temperate estuary (Ria de Aveiro, Western Portugal)
P. Resende, U. Azeiteiro, M.J. Pereira 77–88

Taxonomic Research Paper

Diversity and distributions of circumpolar fresh- and brackish-water *Mysis* (Crustacea: Mysida): descriptions of *M. relicta* Lovén, 1862, *M. salemaai* n. sp., *M. segerstralei* n. sp. and *M. diluviana* n. sp., based on molecular and morphological characters
A. Audzijonytė, R. Väinölä 89–141

Primary Research Papers

Two new dimorphic soft-coral species (Anthozoa: Octocorallia) from Antarctica
P.J. López-González, J.-M. Gili 143–153

Competition for feeding in waders: a case study in an estuary of south temperate Europe (Mondego, Portugal)
T.M. Santos, J.A. Cabral, R.J. Lopes, M. Pardal, J.C. Marques, J. Goss-Custard 155–166

Water and mass budgets for estimating phosphorus sediment–water exchange in Lake Taihu (China P. R.)
P. Kelderman, Z. Wei, M. Maessen 167–175

Small scale application and assessment of a Index of Biotic Integrity for a large boreal river
J.M. Long, D.J. Walker 177–187

Does carbon enrichment affect hyporheic invertebrates in a gravel stream?
F.H. Wagner, C. Beisser 189–200

Temporally variable macroinvertebrate–stone relationships in streams
D. Jacobsen 201–214

A new *Stygonitocrella* Petkovski (Copepoda: Harpacticoida) from a care in Northern Mexico with comments on the taxonomy of the genus
E. Suárez-Morales, T.M. Iliffe 215–228

Macroinvertebrate species and assemblages in the headwater streams of the River Tyne, northern England in relation to land cover and other environmental variables
M.D. Eyre, J.G. Pilkington, R.P. McBlane, S.P. Rushton 229–240

Effects of pulsed and pressed disturbances on the benthic invertebrate community following a coal spill in a small stream in northeastern USA
M.P. Harper, B.L. Peckarsky 241–247

Phylogeny of the East Asian botiine loaches (Cypriniformes, Botiidae) inferred from mitochondrial cytochrome *b* gene sequences
Q. Tang, B. Xiong, X. Yang, H. Liu 249–258

Hydrological controls on the diatom assemblage of a seasonal arctic river: Boothia Peninsula, Nunavut, Canada
K.A. Stewart, S.F. Lamoureux, A.C. Forbes 259–270

Trophic ecology of the Lake Superior wave zone: a stable isotope approach
M. Strand 271–278

Depleted methane-derived carbon in waters of Lake Baikal, Siberia
A.A. Prokopenko, D.F. Williams 279–288

Opinion Paper

Atlantic Island freshwater ecosystems: challenges and considerations following the EU Water Framework Directive
S.J. Hughes, B. Malmqvist 289–297

Primary Research Papers

Diatoms from two macro-tidal mudflats in Chignecto Bay, Upper Bay of Fundy, New Brunswick, Canada
M. Trites, I. Kaczmarska, J.M. Ehrman, P.W. Hicklin, J. Ollerhead 299–319

Water quality during winter storm events in Spring Creek, Pennsylvania USA
H. Chang, T.N. Carlson 321–332

Opinion Paper

Is there confusion over what is meant by 'open population'?
M.P. Johnson 333–338

Primary Research Papers

Food sources for the early life history stages of the hydrothermal vent crab *Bythograea thermydron*: a stable isotope approach
A.I. Dittel, C.E. Epifanio, G. Perovich 339–346

Environmental factors influencing the regional distribution and local density of a small benthic fish: the stoneloach (*Barbatula barbatula*)
F. Santoul, N. Mengin, R. Céréghino, J. Figuerola, S. Mastrorillo 347–355
